Subject: Tigo Product Compatibility with CPS Inverters

CPS America has conducted testing and validated the effective compatibility and performance of the following inverters:

SCA25KTL-DO-R/US-480 SCA36KTL-DO/US-480* SCA60KTL-DO/US-480
SCA25KTL-DO/US-208 SCA50KTL-DO/US-480

in combination with the following products from Tigo:

TS4-F** TS4-A-F** TS4-A-2F

*SCA36KTL-DO/US-480 certified with Tigo TS4-F and TS4-A-F only

**Compatible with version 6.7 and later

Warranties from Chint Power Systems will remain valid for the above product combinations if the design, installation, and operating requirements are followed for each product.

CPS does not warrant performance of our 3 phase string product line with Tigo TS4-A-F/TS4-F products produced prior to 08/01/2019 (version 6.6 or earlier) or other Tigo products, including but not limited to -D, -M, -S, -O or -L models. Customers using these products in conjunction with CPS 3 phase string inverters are advised to contact Tigo for any support related topics.
